The title is surrounded by decorative elements. On the left, a large, detailed illustration of a flowering plant, possibly a chrysanthemum, with multiple stems, leaves, and various stages of flower buds and blooms. Four small birds, resembling swallows or swifts, are depicted in flight around the text: one in the upper right, one to the right of 'POETRY', one below 'PROSE &', and one in the lower right. The entire design is enclosed within a simple rectangular border with decorative star-like motifs at the corners.
